Parce que il y a un virus dans le monde, le coronavirus.

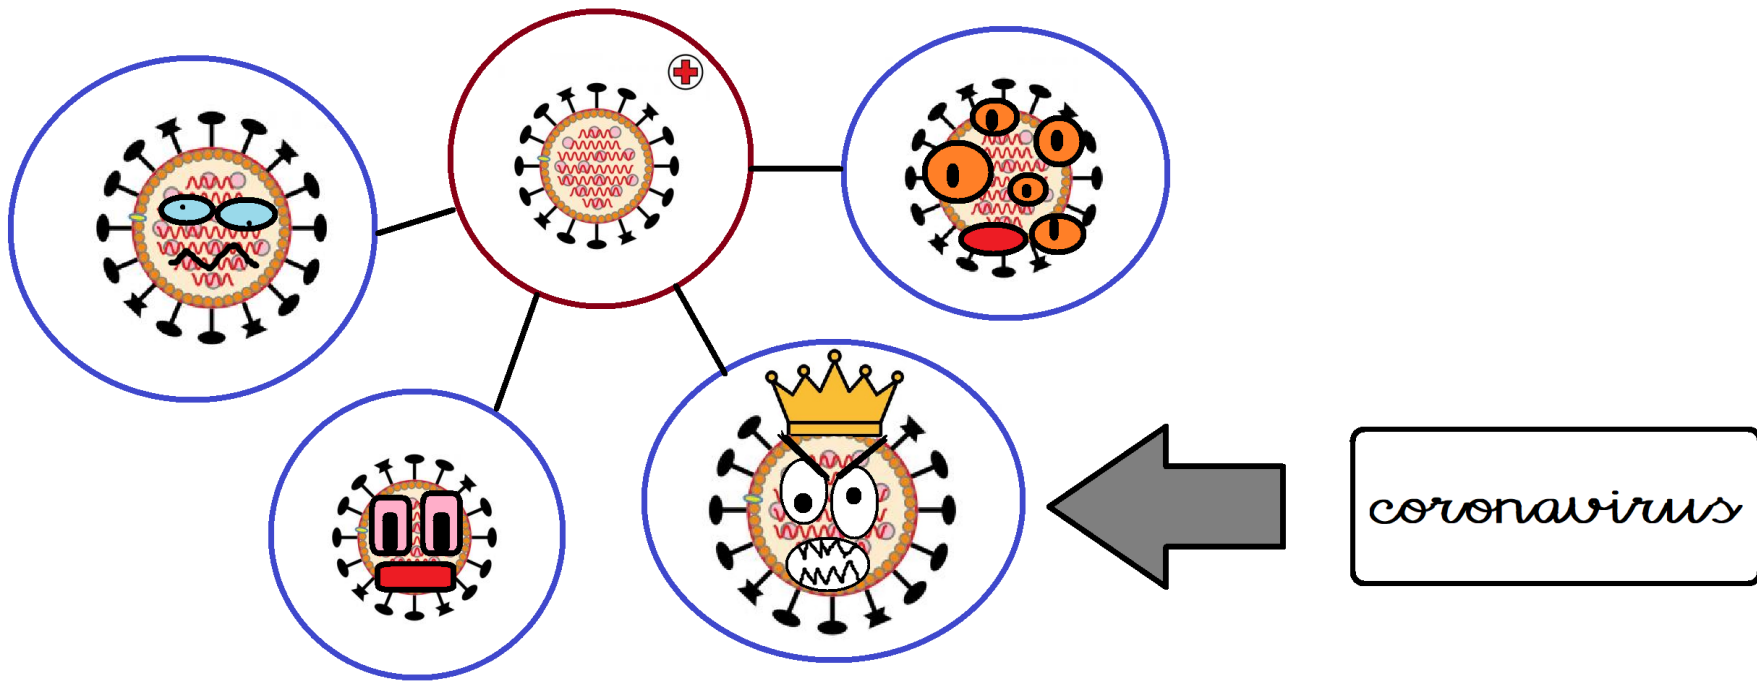

Paco ne comprend pas très bien et il est un peu inquiet

¡Tranquille Paco! Je vais t'expliquer.

Lorsque le virus rentre dans notre corps, nous tombons malades.

Il y a plusieurs sortes des virus, dont le coronavirus.

fièvre

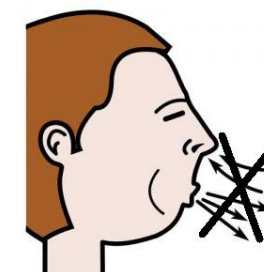

**Que fait
ce virus?**

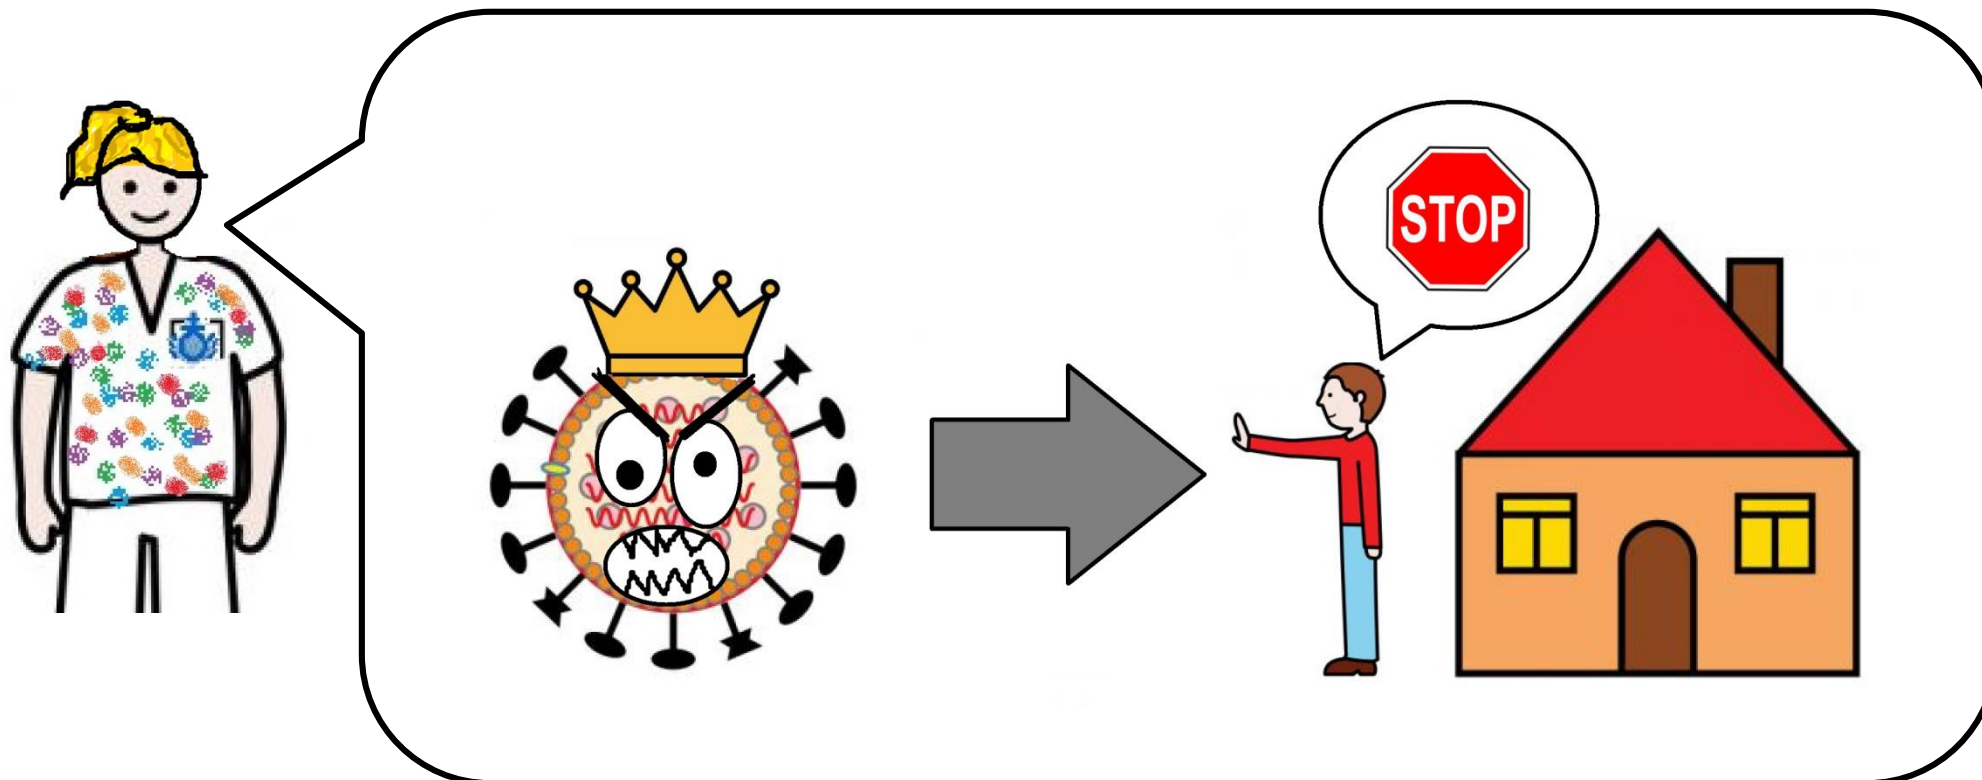

fatigue

toux

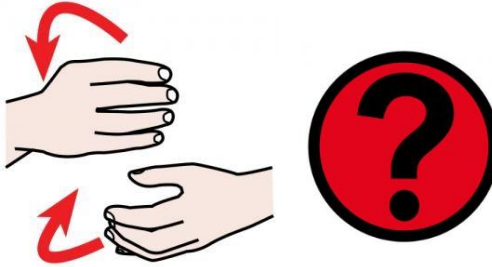

**Il est difficile de
respirer**

Maintenant, nous devons interdire au coronavirus de rentrer dans nos maisons.

**Se laver les
mains**

Que faire?

**Ne pas toucher
son visage**

Tousser dans son coude

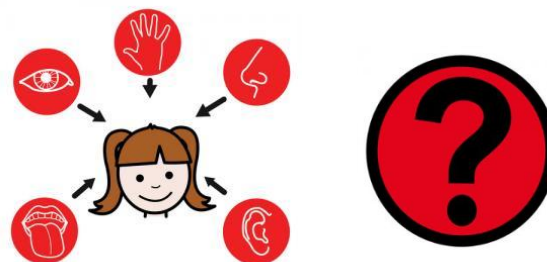

Rester à la maison

Comment je me sens?

J'ai froid

**J'ai mal à
la gorge**

**Je suis
fatigué**

**J'ai mal à
la tête**

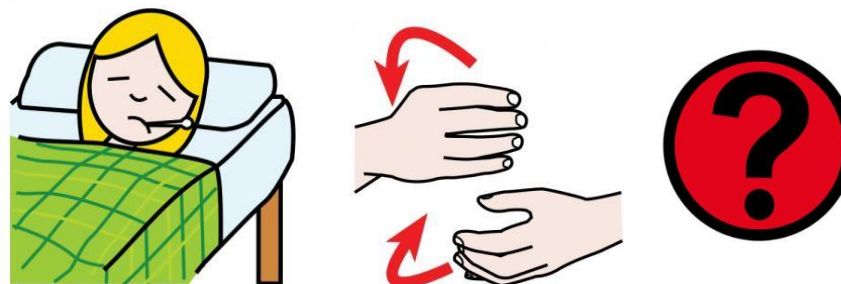

**Je n'ai pas
faim**

Quoi faire si je suis malade?

Je prends ma
température

Je prends un
cachet

Je me
mouche

Je jette le mouchoir
à la poubelle
